

Bank Cover Worker

Archway

Job Detail

Ref: 791

BHT is looking for Bank Cover Workers to join the friendly team at the Archway service, which is a CQC registered care provider for those with enduring and complex mental health needs. Archway is comprised of two residential properties (a 5 bed house and a 9 bed house) in Brighton and Hove.

Our Clients:

- We provide accommodation and support for adults (18+) who have enduring and complex mental health needs.
- Our clients will often have experienced hospital admissions under section of the Mental Health Act and will join our service upon discharge.
- Our clients will have been assessed as requiring a 24-hour staffing provision, with sleeping nights between 10pm and 8am.
- When assessing our clients, we look for motivation to engage with a recovery focussed support plan to enable them to move on to more independent living in the future.

Our Approach:

- We adopt a person-centred and holistic approach to support; we want to get to know the individual and help them to feel empowered and able to lead on their own recovery with more self-awareness and confidence.
- We work to empower people through life skills development and goal-focused support planning so that our clients can maintain their accommodation and manage their mental health and wellbeing.
- We promote client involvement and a spirit of co-production to ensure those living at Archway have a say in how the service is run and support is delivered.
- We work in a psychologically informed way by applying our knowledge, skills and reflections to build a strong and supportive team and to provide compassionate care and support for our clients.

Our Aims:

- To take therapeutic approaches to build resilience and coping strategies to prevent hospital admission/re-admission.
- To enable our clients to achieve greater independence and move-on to less-supported accommodation within a two-year timeframe.
- To support our clients to develop an understanding of their mental health and to build a range of individualised coping strategies and maintain positive well-being.

Applicants should:

- Have experience of providing care and support to vulnerable people.
- Demonstrate an understanding of how to form trusting and professional relationships with clients.
- Place value in person-centred support.
- Be able to communicate effectively with a range of people.
- Have a supportive and empathic nature.
